

Personal Memo from
JOSHUA LEDERBERG

Bob Goldberger

January 9, 1984

JAN 17 1984

Total nuclear disarmament

Are you serious?

Or will you just spell out the
hegemonous world political structure
that would either enable (or be an
immediate consequence of) such a
step?

As a slogan for the horror with which
we must view any prospect of nuclear
war, the expression is understandable.
As a policy proposal it amounts to cop-
ping out of the very hard work needed for
any practical resolution of our dilemma.

↓

Yours,
Joshua
